

Dear FCC,

I, as a XM Satellite Radio member Benefit from the stations such as local weather and Traffic that is updated frequently and it?s 24/7 when ever I need it. The type of channels I listen to, no other local radio station has the type of music or the type of services XM provides. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
